Summary

On the occasion of October 10, Against the Death Penalty, international day, Iranian Human Rights Activist Groups in EU and North America (member of the world coalition against the death penalty), bring their annual report on the situation of death penalty and widespread, planned and systematic violation of Human Right in Iran to the public notice. This report covers the period between October 2006 and September 2007 and contains the names of the people who have either been executed or have death penalty sentences.

Information gathered in this report is essentially extracted from the news agencies, news papers and predictive sites, publishing inside the state and also some exterior sources.

Due to the censorship in Iran, the restrictions set against the information-gathering of NGOs, this report reflects a part of execution sentences issued in Iran.

Sommaire

À l'occasion du 10 octobre, journée mondiale contre la peine de mort, le réseau des Activistes iraniens pour la Défense des Droits de l'Homme en Europe et en Amérique du Nord (IHRAG), publient leur rapport annuel sur la situation de la peine de mort en Iran. Ce rapport s'inscrit dans notre objectif de révéler et de dénoncer la violation continue, à grande échelle et organisée des Droits de l'Homme en Iran par la République Islamique d'Iran.

Ce rapport couvre la période d'octobre 2006 à septembre 2007 et donne la liste des noms des personnes condamnées à la peine de mort et exécutées. Les données de ce rapport proviennent essentiellement des médias publiés en Iran. Il est à noter que cette liste n'est pas complète du fait de la censure et de l'absence de sources d'information indépendantes en Iran. La République Islamique d'Iran tente de donner une information fragmentée et incomplète rendant ainsi la surveillance des organisations de défense des droits de l'Homme très difficile.

Selon nos données, pendant la période d'octobre 2006 à septembre 2007, 265 personnes ont été exécutées. Cela représente une augmentation de 140% par rapport à l'année dernière.

En nous référant à la liste des **personnes ayant été exécutées** (tableau 1), nous constatons les points suivants :

- 3 femmes figurent parmi les personnes exécutées ;
- 8 personnes avaient moins de 18 ans au moment où les crimes dont on les accuse ont eu lieu ;
- 34 prisonniers politiques ont été exécutés. Ce nombre est 6 fois le nombre total des exécutions de l'année dernière ;
- 1 cas de lapidation a eu lieu dans cette période ;
- 100 personnes ont été exécutées en public. Ce nombre est doublé par rapport à l'année dernière.
- dans 77 cas, l'information sur l'âge des personnes exécutées était disponible : Parmi ceux-ci, 47 personnes sont âgées de moins de 30 ans, 30 dépassé la trentaine et la personne la plus âgée a 67 ans.
- L'information sur 57 personnes était manquante.

En ce qui concerne les **personnes en attente de leur exécution** (tableau 2), les points suivants sont à souligner :

- 218 cas ont été identifiés. Ce nombre démontre une augmentation de 60% par rapport à l'année dernière. Il est à noter que selon les informations que nous avons eu, la sentence de 39 personnes émise dans les années antérieures ont été approuvée par les autorités judiciaire. Le nom de ces personnes ne figure pas dans les tableaux de ce rapport.
- Dans 98 cas, l'information sur l'âge des personnes était disponible. Nous avons dénombré 4 personnes de moins de 18 ans, 63 personnes âgées entre 18 et 30 ans et 31 personnes âgé de plus de 30 ans ;
- 11 personnes ont reçu des sentences de lapidation ;
- 7 personnes avaient moins de 18 ans au moment où les crimes dont on les accuse ont eu lieu
- 5 prisonniers politiques figurent parmi les personnes reçues une sentence de peine de mort ;
- Dans 76 cas l'information était manquante ;
